

# Free Mobile App Development Camp

Aug. 5-6

## Austin Area Students!

Do you love apps? Want to know how apps are made? Want to make an app of your very own? If so, apply to our FREE 2 day hands-on mobile app development camp!

Students will learn from some of Austin's best mobile app developers and designers.

The camp will be hosted by The BHW Group, a 2015 SXSW Interactive Innovation Award finalist and one of the best places to work in Austin!

Students are sure to have a great time and get a feel for how mobile apps are made. By the end of camp, each camper will have an app that they helped make on their phones!

To learn more and apply, visit [TheBHWGroup.com/summer-camp](http://TheBHWGroup.com/summer-camp)
